

School Project

This is a verbal/hands-on (hybrid) challenge, you will have one minute to decide who will participate in the solution of the challenge. It is the decision of the team how many team members will participate. Your one-minute begins now.

Challenge: Using the materials provided, determine the school project that the materials were to be used for, complete the project and explain it.

Time: You will have six minutes to determine what the school project was and complete the project.

Scene: You are home sick with the flu. While you are asleep, your mom leaves a bag full of materials on your nightstand with a note that says the following: "These are the materials your teacher told me to give you to complete your school project. Please complete the project before I get home from work". You look further and there are no directions for the school project. Based on these materials, you must figure out what the project might have been, do it and be ready to explain it.

Materials: 10 spaghetti
10 "ziti" (pasta)
6 straws
2 rubber bands
2 sheets notebook paper
a 12" piece of string
5 paper clips
3 cotton balls
1 12" piece of wax paper
2 sheets construction paper (8.5 x 11)
5 index cards
1 paper cup
1 paper plate
4 mailing labels
12" piece of aluminum foil

Directions: You will have 5 minutes to design and construct your school project. At the end of the five minutes, you will have 2 minutes to present your school project to the judges.

Scoring:

Scoring will be based on the following:

Creativity of the project	25 pts.
Creativity of the use of materials	15 pts.
Presentation of project	15 pts.
Teamwork	25 pts.
Humor of overall presentation of the project	20 pts.
